Dr. Paulo Correa
Chair, Concord West Residents Ad Hoc Committee
42 Rockview Gardens
Concord, L4K 2J6

Dear Dr. Correa,

I would like to take this opportunity to thank the Concord West Ratepayers Association and the Concord West Seniors Club for your dedicated efforts in engaging all residents of the Concord West community and current candidates running in the Vaughan municipal election. Your concerns speak to the core values of community building and I am impressed by your actions to tackle important issues, namely the transfer of the Concord West green space from the ORC to the TRCA, and the determined opposition of the community towards any plans of destroying this green space.

I admire and remain committed to the cause as well as your willingness to provide viable alternatives, illustrated by your revised plans for the location of the proposed GO/Metrolinx station. I support your proposal and will continue to be a dedicated partner of the Concord West community on these and other initiatives.

I look forward to maintaining a continuous dialogue on the progress of this initiative.

Sincerely,

Hon. Maurizio Bevilacqua
