**Vote For, Don't Hope For A New Council**

Concord West Community:

I, John Ross Harvey, candidate for Local & Regional Councilor do support the Concord West Community and agree with their alternative plan for the proposed transit hub and rail service. It makes more sense logically, financially, and is a far better plan than the current proposed location. My apologies to all concerned for being unable to attend the meeting.

I also support the community's request to have the petitioned ORC land transferred to the TRCA, agreeing with the petition and requests to the OMI and OMT/MTO. If elected to council I will push for this request.

John Ross Harvey
