Dr. Paulo Correa, Chair of the CW Residents Ad Hoc Committee

Dear Dr. Correa,

SUPPORT TO THE CONCORD WEST COMMUNITY

I once again wish to thank you, the Concord West Ratepayers Association and with the Concord West Seniors for the invitation to participate in your all-candidates debate last Tuesday, September 28, 2010, and to personally thank you for ongoing commitment to your community.

I do want to reiterate my support of your alternate plan to have the proposed 407 Transitway/GO station along with its associated parking relocated to the north side of Highway 7 on the easterly side of the rail line. I also support your committee's position to transfer the current proposed location from the Ontario Realty Corporation (ORC) to the Toronto Region Conservation Authority (TRCA).

This transfer will further protect and enlarge the Bartley Smith Greenway along with the adjacent Langstaff EcoPark. The ability for the residents of your community to be able to have safe passage into this environmental gem is an issue that we must address sooner rather than later. The suggestion of a tunnel from the end of Rockview Gardens under the railway lands is a plausible idea, but an elevated walkway over the rail lines maybe more of a cost effective option and one that I could explore on your behalf if you wish.

I will continue to work with your community like I have in the past many years to improve the quality of life for the residents of the Concord area.

Please feel free to contact me directly at (647) 822-1312 if you require any clarification.

Yours truly,

Linda D. Jackson
Mayor, City of Vaughan
