

RE-ELECT Ward 4 Councillor

Sandra Yeung RACCO

October 6, 2010

Dr. Paulo Correa
Chair, Concord West Residents Ad Hoc Committee
42 Rockview Gardens
Concord, ON
L4K 2J6

Dear Dr. Correa:

I would like to take this opportunity to thank the Concord West Ratepayers Association, the Concord West Seniors and the entire Concord West community for the invitation to participate in the All-Candidates meeting on Tuesday, September 28.

As mentioned during the evening of September 28, and as per my email correspondence to you, I am supportive of the Concord West community's objective of having the Ontario Realty Corporation transfer the green space adjoining your community on the south side of Highway #7 to the Toronto and Region Conservation Authority for the purpose of amalgamation with the Bartley Smith Greenway/Langstaff Ecopark. I understand that the preservation of this green space is important to your community, as is safe passage and access to this green space, and I will support your community in this endeavour.

Additionally, I am also supportive of proposing to have the Go/Metrolinx station relocated to an alternate location on the north side of Highway #7. As stated at the All-Candidates meeting, I will work collaboratively with the various levels of government and with any outside agencies to achieve the community's desired outcome.

For the past seven years, I have worked alongside your community on many projects. Together, we have achieved many goals and seen many successes, and I plan to continue my pledge to work "*for the community*." Please feel free to contact me directly, should you require further information or clarification.

Sincerely,

Sandra Yeung Racco
Councillor, Thornhill/Concord
"For the Community"
