Dear Dr. Correa,

I once again would like to thank you, the Concord West Ratepayers Association, the West Seniors and the entire Concord West Community for the invitation to participate in the All-Candidates debate on Tuesday, September 28.

As I indicated at the event I support your position to transfer the land adjoining the community to the east from the Ontario Realty Corporation to the Toronto Region Conservation Authority. This transfer will further protect and enlarge the Bartley Smith Greenway along with the adjacent Langstaff Ecopark. Knowing how important this green space is to your community, you have my commitment to be a strong voice for the Concord West Residents.

Additionally, I am also supportive of your proposal to have the Go/Metrolinx Station relocated to the North side of Highway 7. I will work collaboratively with the various levels of government to achieve your goals.

Furthermore, you can count on my support on your request for a temporary freeze on the sale of Parcel B of the Concord Floral Land- until the OMT assessment of the alternative plan is complete.

As always, I will continue to work with your community like I have in the past to improve the quality of life for the residents of the Concord area.

Kind Regards,
